

# DONATION FOR A BETTER SIGHT

By the Lions Club of Kotikawatta

We are delighted to announce that the Lions Club of Kotikawatte has made a generous donation of Rs 25,000 to support an elderly lady experiencing vision problems. This contribution will cover the cost of her care, ensuring she receives the best possible treatment. Her sight has been deteriorating rapidly, and this timely intervention will significantly improve her quality of life, allowing her to regain her independence and enjoy her daily activities once more.

As the Lions Club of Kotikawatte, we are committed to restoring vision and bringing light into the lives of those in need. This donation reflects our dedication to community service and eye health. We extend our heartfelt gratitude to our partners for their collaboration and support in this noble cause. Looking forward, we are eager to continue making such donations in the future, helping more individuals lead healthier, happier lives. Together, we can make a lasting difference in our community.
