

Name of Project – Providing Rain water Harvesting (RWH) Tanks to Manikdiwala J.S.

Location: Manikdiwala Junior School

Date : 22.01.2025

Project Description:

With the Collaboration of Lions Club of Pilimathalawa, Perera & Sons and Lanka Jalani we provide 5000 lt Rain water Harvesting system to Manikdiwala Junior school.

Manikdiwala Junior School, located in the Denuwara Educational Zone, the project involved installing a Rainwater Harvesting (RWH) system. The installation process included connecting the gutter system to the tank via a PVC downpipe and fitting a water filter to the downpipe. Additionally, a concrete chamber was fixed to safeguard the stop valve from being tampered with by school children, to prevent tampering and ensure easy maintenance of the system.

Perera and Sons provided financial support for this project.

Direct Beneficiaries - 147

Indirect Beneficiaries - 735

Cost of Project – 298,550.00
