

Date - 07/09/2024

Venue - Adurapola Estate

Participants - 2

Theme - Disabled Care

2 ( two ) disabled persons were provided with food parcels.

Impact of the programme-

Disability is not recognized in Sri Lanka as the way it should be recognized like other countries in developed regions.

Therefore, they should be given the due place and recognized and assisted whenever possible.

Also most of the disabled are not getting proper food due to economic hardships. Some of the disabled are almost begging.

Therefore, Lions Club of Avissawella thought of them as an important group and assisted.
