

Date - 07/09/2024

Venue - Adurapola Estate

Participants - 20

Theme- Youth

One set of cricket gears were given to a youth club in the area.

Impact of the programme :-

Cricket is the most popular sport in Sri Lanka and Sri Lanka has won world cup in several world cup tournaments.

National Schools in Colombo, capital city and its suburbs have all facilities for cricket whereas rural areas don't have even a bat and a ball. They, in most of the cases use substitutes such as rubber or plastic ball and low quality bats.

That's why Lions Club of Avissawella thought of the mentality of the youth and also the needs of rural lads and distributed some cricket gears such as bats, balls, wicket sticks etc.

More than the cricket gears the happiness amongst village boys can not be valued.
One set of cricket gears can be shared with at least 100 friends.
