

Theme - Any other humanitarian related projects

Programme - Distribution of clothes for male and female for patients at Institute of Mental Health at New Town, Mulleriyawa on 12th November 2024.

Impact of the programme - This is the most important part of the programme because this is not merely a distribution of clothes. It is far beyond that.

These are patients with some kind of a mental issue. Visiting and talking to such patients is also another kind of medicine. Some patients can be cured only through compassion and love according to Psychological experts.

Lions Club of Avissawella also did the same thing other than distributing clothes. They provided tea and cake.

Beneficiaries- 2500
