

Theme- Childhood cancer

Awareness program for cancer

Awareness programme was organised by Lions Club of Avissawella with a view to educate parents on childhood cancer.

Resource persons were from Base hospital- Avissawella and leaflets were also distributed amongst beneficiaries.

It was a very useful programme according to parent's because they have not been exposed to such information before. Some of the information in relation to food habits of children were very useful because they are unaware that the fast food they consumed with various colours and sweet substances have cancer related substances according to some of the researches.
