Lions Club of Colombo Royalty's Successful Diabetes Screening and Awareness Event

On August 24, 2024, the Lions Club of Colombo Royalty made a significant impact in the Kadawatha community with a successful diabetes screening and awareness event. Held at the jogging path in Kadawatha, this initiative aimed to address the growing concern of diabetes by providing crucial health screenings and education to the public.

The event was a resounding success, with approximately 150 individuals from the local community participating. Thanks to the dedicated efforts of the Lions Club and the collaboration with General Hospital Gampaha, the screening process was conducted efficiently. During the event, 50

individuals were identified as high-risk new patients, who were given immediate advice and follow-up guidance. The screening was complemented by a mini health camp where attendees had the opportunity to check their blood pressure, height, and weight. The presence of nursing officers and a medical officer from General Hospital Gampaha ensured that participants received professional and accurate health assessments.

In addition to the health screenings, the Lions Club organized a nutritional component to promote healthy living. Attendees enjoyed herbal kanji, kurakkan roti, and halapa, which were distributed to highlight the importance of a balanced diet in managing and preventing diabetes.

This event not only provided valuable health services but also raised awareness about diabetes and its management. The Lions Club of Colombo Royalty remains committed to serving the community through such impactful initiatives, contributing to a healthier and more informed society.

We extend our heartfelt thanks to the General Hospital Gampaha, the dedicated medical personnel, and all the volunteers who made this event possible. The success of this initiative underscores the importance of community engagement in health promotion and prevention.

Stay tuned for more updates on future projects and events as we continue our mission to make a positive difference in the lives of those we serve.
