

Project Report: Donation of Wheelchair at St. Anne's College, Kurana

Date of Event : November 9th, 2024

Location : St. Anne's College, Kurana

Region : Region 3

Organized by : Region 3

Project Overview:

On November 9th, 2024, the Lions Club of Colombo Royalty participated in a significant Region 3 project at St. Anne's College, Kurana. As part of our ongoing commitment to community service, the club contributed towards the donation of a wheelchair to a needy patient in the local area. This initiative was aimed at improving the quality of life for an individual facing mobility challenges, offering them the opportunity to live more independently.

Project Details:

- **Total Project Cost** : Rs. 44,000
- **Lions Club of Colombo Royalty Contribution** : Rs. 4,232.80
- **Beneficiary** : A needy patient in the local community in need of a wheelchair.

The wheelchair was donated after careful evaluation of the patient's needs and medical condition. The club's contribution of Rs. 4,232.80 was a vital part of covering the total cost, demonstrating the club's commitment to addressing healthcare and accessibility needs within the community.

Implementation:

The Lions Club of Colombo Royalty played an active role in coordinating the donation and ensuring that the wheelchair was delivered to the patient in a timely and respectful manner. The project not only provided immediate relief to the beneficiary but also helped raise awareness about the importance of healthcare accessibility for those in need.

Acknowledgements:

The Lions Club of Colombo Royalty would like to extend its heartfelt gratitude to all members who participated in this charitable project, as well as to the community for their continued support. This initiative reflects the core values of the Lions Club, which include service, compassion, and community involvement.

Conclusion:

This successful project underscores the collective efforts of the Lions Club of Colombo Royalty in Region 3 to make a positive impact on the lives of those in need. The donation of the wheelchair will go a long way in helping the beneficiary regain mobility and improve their quality of life. The club remains committed to continuing such meaningful service projects and making a difference in the lives of individuals and communities.
