

Project Report: Coconut Tree Planting Initiative

Lions Club of Colombo Royalty

Date of Project Implementation: 9th November 2024 / Region 3 Project

District Governor's National Initiative: Planting 50,000 Coconut Trees

1. Introduction

In line with the District Governor’s visionary goal to plant 50,000 coconut trees across the nation, the Lions Club of Colombo Royal proudly joined hands in supporting this green mission. The initiative is designed to foster environmental sustainability, enhance soil conservation, and contribute positively to the local economy by encouraging long-term agricultural growth.

2. Project Objectives

- Support the national campaign to plant 50,000 coconut trees.
- Encourage environmental stewardship within rural communities.
- Promote soil protection and long-term economic sustainability through coconut cultivation.

3. Activities and Implementation

- **Number of Coconut Plants Donated:** 25
- **Date of Distribution:** 9th November 2024
- **Location:** Selected villages in the region
- **Beneficiaries:** Individuals from local communities, selected based on interest and capacity to maintain the plants
- **Project Execution:** The club purchased and distributed the plants with member participation, ensuring proper orientation for beneficiaries on plant care and maintenance.

4. Financial Summary

Description	Amount (LKR)
Total Project Cost	8,750.00
Contribution by Lions Club of Colombo Royal	841.75
Total Number of Contributing Clubs	9

The collective efforts of the nine participating clubs made this project financially viable and impactful.

5. Impact and Outcomes

- Reinforced the club's commitment to environmental protection and community service.
- Strengthened bonds with local communities through hands-on support.
- Contributed to the long-term goal of increasing coconut tree coverage, improving both the ecological footprint and potential income sources for rural families.

6. Acknowledgments

The Lions Club of Colombo Royal extends sincere gratitude to the District Governor for leading this impactful initiative and to all clubs and individuals who supported and participated in the project.

7. Conclusion

This project stands as a testament to what collective action and community engagement can achieve. The Lions Club of Colombo Royal remains committed to ongoing environmental and social development efforts and looks forward to continuing its support in similar sustainability initiatives in the future.
