Location:

Police Hospital, Narahenpita, Colombo, Sri Lanka

Organizing Club:

Lions Club of Colombo Royalty
District 306 C1| Region 3

Project Overview:

The **Lions Club of Colombo Royalty** proudly contributed a **wheelchair** to the **Police Hospital in Narahenpita**, a major healthcare facility in the region known for its significant daily patient intake and comprehensive medical services. This donation is part of our continuous commitment to uplift healthcare infrastructure and support institutions serving the underprivileged and the community at large.

Hospital Profile:

- **Name:** Police Hospital, Narahenpita
- **Average Daily Patient Footfall:** 500+ patients
- **Services Offered:** General Medicine, Specialized Clinics, Emergency Services, Rehabilitation, and more
- **Annual Reach:** Thousands of patients requiring both outpatient and inpatient care

Objective of the Project:

To enhance mobility and accessibility for patients in need, especially the elderly, disabled, or injured, by providing a durable and high-quality wheelchair to be used in daily hospital operations.

Significance of the Contribution:

- Enables smoother patient flow within hospital premises
- Reduces physical burden on healthcare staff
- Increases comfort and dignity for patients during treatment
- Supports the hospital's broader mission of accessible healthcare for all

Quote from the Club:

"This is more than just a donation—it is a symbol of compassion, dignity, and practical support to the countless individuals who rely on public healthcare every day. We are honored to be part of their healing journey."

Acknowledgements:

The Lions Club of Colombo Royalty extends its sincere thanks to:

- The Administration and Staff of Police Hospital, Narahenpita
- Project Coordinators and Club Members
- All donors and supporters who contributed to making this initiative a success

Conclusion:

This project underscores the power of simple, focused acts of service to create **a profound and lasting impact**. By equipping the Police Hospital with a much-needed wheelchair, we help ensure that **thousands of patients receive care with greater ease, dignity, and comfort**.
