

# PROJECT REPORT

## Region 3 Multi-Service Project Day

**Date:** 9th November 2024

**Venue:** St. Anne's College, Kurana, Negombo

**Organized by:** Colombo Royalty Lions Club

---

### Project Title:

**Medical Assistance for a Child Battling Cancer**

### Background & Objective:

As part of the Region 3 Multi-Service Project Day, the **Colombo Royalty Lions Club** identified the urgent medical needs of a young child suffering from cancer. Recognizing the emotional and financial strain experienced by the family, the Club's objective was to provide timely support to ease the burden of healthcare expenses and promote hope during a difficult time.

### Description of the Activity:

On the day of the event, the Colombo Royalty Lions Club made a **donation of LKR 10,000** to the family of a child currently undergoing cancer treatment. The funds were specifically allocated to assist in the **purchase of essential medications** required for the child's recovery.

This donation served not only as financial support but also as a heartfelt message of solidarity and compassion to the child and their loved ones.

### Impact & Outcome:

- **Direct Beneficiary:** 1 child receiving cancer treatment
- **Amount Donated:** LKR 10,000
- **Purpose:** To contribute towards the cost of critical medications

The child's family expressed profound gratitude for the support, highlighting how this generous contribution came at a crucial time. The initiative also served to raise awareness among attendees about the importance of community-driven health support systems.

### Acknowledgement:

The Colombo Royalty Lions Club extends its appreciation to the Region 3 project coordinators for enabling meaningful community outreach. The Club also acknowledges the strength and resilience of the child and family, whose courage continues to inspire the community.

## **Future Plans:**

Following this initiative, the Club is committed to:

- Establishing a **Medical Aid Fund** for children with critical illnesses.
- Partnering with healthcare institutions to identify families in urgent need.
- Conducting regular **health outreach programs** focusing on vulnerable groups.
