

# PROJECT REPORT

## **Region 3 Multi-Service Project Day**

**Date:** 9th November 2024

**Venue:** St. Anne's College, Kurana, Negombo

**Organized by:** Colombo Royalty Lions Club

---

### **Project Title:**

#### **Medical Support for a Community Member with Diabetes**

### **Background & Objective:**

Chronic illnesses like diabetes can place a heavy financial burden on individuals and families, particularly when continuous treatment and medication are essential. As part of its commitment to health and community care under the **Region 3 Multi-Service Project**, the **Colombo Royalty Lions Club** aimed to provide meaningful support to a patient managing diabetes.

The main objective was to **ensure access to essential medications** and reduce the financial stress associated with ongoing treatment.

### **Description of the Activity:**

During the Region 3 Project Day, the **Colombo Royalty Lions Club donated LKR 10,000** to a local diabetes patient to assist with the purchase of necessary medications. This support was tailored to address immediate medical needs and help improve the patient's quality of life.

By offering this aid, the Club reaffirmed its focus on **community health, compassion, and social responsibility**.

### **Impact & Outcome:**

- **Patient Name :** C.M.P.Devika
- **Direct Beneficiary:** 1 diabetes patient in the local community
- **Amount Donated:** LKR 10,000
- **Purpose:** To assist with the cost of essential diabetes medications

The recipient and their family conveyed deep appreciation for the timely and thoughtful support. This act of kindness not only improved the patient's ability to manage their health but also inspired hope and community solidarity.

## **Acknowledgement:**

The Colombo Royalty Lions Club expresses gratitude to all Region 3 organizers and volunteers who made this project possible. Special thanks go to the healthcare advisors who helped identify deserving beneficiaries and to the community members who continue to support the Club's outreach programs.

## **Future Plans:**

To extend the impact of this initiative, the Club plans to:

- Launch a **Community Health Relief Fund** for chronic illness support
- Organize **free health screening camps** focused on diabetes awareness
- Collaborate with local clinics and pharmacies to offer **discounted medical supplies** for those in need.
