Multi Service Project

Lions Club of Gothatuwa DLeoz

Project Report

Project Title	- Pipunu Parapura – Multi Service Project
Date of the Project	- 21 November 2024
Project Chairperson	- Lion Osala Vishwajith
Project Type	- Multi-Service Project
Value of the Project	- Rs.657,315 /-
No of Beneficiaries	– Direct – 120

Project Description

Education is considered as the one of the main aspects when considering the growth of a county. The Empowering Education Initiative is a dedicated project aimed at enhancing the learning environment for school children and teachers. This initiative focuses on providing essential resources to promote educational growth and accessibility. We do have to accept that all school children do not enjoy the same educational facilities in the Island. The school children in the urban areas do have many advantages when compared with rural schools.

We selected a school in the rural area, in the central province. Peddogama Vidyalaya is an under privileged school consisting of children and teachers about 100. The reason to select this school is because of a video which was shared through a social media network. It showed that a class room filled with students and a teacher using umbrellas to avoid getting wet in the rain inside a class room. The Class room was build with wood & roofed using coconut branches. In the heavy rain, the water dripping from the roof damages the books and the lessons being terminated. Lion Osala, shared this video with the fellow lions of the club, and decided to build them a proper classroom.

So, our representatives visited the school, identified some of their needs and orchestrated **a multi service project** to provide service for the need. As Lions, we are happy, proud and overwhelmed by this project.

When Identifying the needs of this school, few main points arose.

- The Class room which needed to be re-built
- The IT room only one computer was working
- The student bathroom was not properly maintained

The Principal, Teachers and the parents of the students agreed they'll provide the human power to make this project a success.

Lion Osala, under his chairmanship raised the funds immediately and started the project.

Phase 1 (Educational Support for Children affected by disaster):- :-

On the day of 21st November 2024, was an unforgettable beautiful day for the students, teachers and the villagers of Peddogama. The building was up and built, and it was ready to open. The Funding & Guidance of the Lions club of Gothatuwa DLeoz and the sweat and determination of the Villagers was an enormous success. The building was presented to the students.

Now, they can study peacefully inside a class room even in the pouring rain.

Phase 2 (Any Other Youth Development Related) :-

On the day of 21st November 2024, we donated computers to the school. These contained a valuable projector, 3 complete sets of computers, additional Power Supply, Key Boards, Mouse, Monitors, & Cables.

Phase 3 (Any Other Youth Development Related) :-

Fixed a door to the student bathroom.

Phase 4 (Educational Support for Children affected by disaster)-:

On the day of the building opening, we donated school books for the 100 students of the school. We hope that this donation would be very helpful for the students in the new school term. The excess school books were handed over to the principal so that they will be distributed among the students later.

Phase 5 (Nutritional Meal Programs & Education Workshop for School Children)-:

On the day of the building opening, we provided the Students, Teachers and the parents with a food packet. We were able to bring a smile to the faces of the innocent students.

Cost of the Project

Income			
No	Description	Amount	Total
1	Lion Osala Vishwajith	642,315.00	
2	Lion Buddhini Perera	15,000.00
